

Nathan Bruemmer
Candidate for President

I humbly request your support and vote to serve as the next President of the Florida LGBTQ+ Democratic Caucus. I have enjoyed serving the Caucus and our members as the Legislative Director the last several years. For those who don't know me, I have served in a number of leadership roles throughout my career.

Most recently, I served the people of Florida as the LGBTQ+ Consumer Advocate in Commissioner Nikki Fried's administration. When appointed to this position, I became the first transgender person in the United States to serve as a statewide appointed LGBTQ+ official. I was born and raised in Florida and am a lifelong Democrat and LGBTQ+ advocate. From childhood through my last professional position, I have witnessed first-hand the positive impacts and the importance of electing Democrats at every level of government. I look forward to applying my experiences and my passion to advocate to serve our members, our caucus, our party and our state.

Professionally, I am thrilled to currently be working as an attorney in St. Petersburg practicing in a small firm focused on serving LGBTQ+ clients. My journey to becoming a practicing attorney is very much wrapped up in my personal journey as a transgender man living in Florida.

I support the work and volunteer for several organizations including the American Bar Association, the St. Petersburg Bar Association, Equality Florida, NAACP, TransAction Florida, serving as a 3rd grade reading tutor for Lawyers for Literacy and many others.

I thank every member for your vote, your commitment and your support of the Florida LGBTQ+ Democratic Caucus and the Democratic Party. We know we have much work to do in Florida! We are stronger together!! Onward.
